

Dear Parents and Dancers,

This message is intended for anyone who is considering registering for Acro for the fall season.

Over the last couple of years, we have begun introducing our Acro program to the studio and are so pleased with the positive engagement from our dance families. We follow the Acrobatic Arts syllabus, a syllabus endorsed by Cirque du Soleil for its safe and methodical approach to teaching Acro. I am an Acrobatic Arts certified teacher qualified in both Module 1 & 2, Just this past week, I also became certified in the PreSchool AcroDance program as we have now opened our Acro classes to dancers beginning at age 5.

As our program has expanded, we now find ourselves in need of some more mats. Extra mats will help us maximize the student's time in class by reducing the amount of time spent waiting for their turns and eliminate the need to rearrange the mats throughout the different sections of class.

As you can imagine, such specialized equipment does not come cheap, especially when we invest in quality items. Due to this, there will be a \$20 equipment surcharge added to the registration fee for the acro classes this season. It is our goal to use these funds to purchase equipment that will directly benefit our acro dancers.

If you are interested in signing up for Acro for the coming season and aren't sure which level would work best, please feel free to reply to this email and I can recommend the best level for you.

Thank you,

Miss Amanda
